### HOW DOES YOUR EDIBLE GARDEN GROW?

growarow.org

**MAKING THE MOVE. TO GET YOUR PLANTS SETTLED IN THEIR HOME IN THE GARDEN...**

**GIVE 'EM SPACE & PREDICT THE FUTURE.** ALLOW ENOUGH ROOM FOR ROOTS, DIGGING THE HOLE SLIGHTLY DEEPER AND WIDER THAN THE PLANT'S ROOT BALL. AVOID PLANTING THEM TOO CLOSE TOGETHER. YOUR PLANTS WILL GROW UP AND OUT IN THE WEEKS AND MONTHS AHEAD.

**WELCOME THEM HOME.** FILL IN THE SPACE WITH SOIL, PATTING THE SOIL AROUND THE SEEDLING TO FIRM UP THE AREA AND SUPPORT THE PLANT.

**A TOAST TO THEIR NEW HOME.** ADD WATER IMMEDIATELY AFTER PLANTING.

**PLANT • GROW • SHARE With Those in Need**
