

# Call For Papers

**27th Annual National Organics Recycling and Compost Conference**  
**September 18-20, 2017**  
**Calgary, Alberta**

On the occasion of the 27<sup>th</sup> Anniversary of our national conference and the 2017 opening of Calgary's newest compost facility, the largest of its kind in Canada, The Compost Council of Canada is inviting proposals for presentations, workshops and posters addressing advances in organics recycling and end-use markets.

## **SUGGESTED PRESENTATION TOPICS MAY INCLUDE:**

### **ORGANICS RESIDUALS RECOVERY TOPICS such as:**

- Policy & Regulatory Developments
- Feedstock Opportunities: Identification & Collection
- Processing Technology in Anaerobic Digestion and Composting
- Best Management Practices
- Education & Communication
- Certified Compostable Advances
- Making the Economics Work

### **END MARKET TOPICS for COMPOST, DIGESTATE and Other Revenue Streams such as:**

- Category Developments and Segmentations
- Product Delivery Mechanisms
- Marketing & Promotion Programs
- Research and Applications
- Program Synergies & New Product Developments

### **DEVELOPMENTS of IMPACT to the Growth of Organics Recycling, Digestate and Compost Use:**

- Climate Change
- Food Waste Reductions
- Local Economy Investments and Support
- Soil Health & Erosion Mitigation
- Water Conservation & Quality

*Other topics may also be considered. Please contact The Council if you would like to discuss your proposed subject in advance of submission.*

A **one-page abstract** and **short biography** should be submitted (by mail, fax, or email) to:

**The Compost Council of Canada**
