

COMPOST FACILITY OPERATING PRACTICES COURSE

Compost Facility Operator Certification Exam

March 5th to 7th, 2019

**Burfield Lodge - Large Meeting Room
1280 Alpine Road
Sun Peaks, British Columbia**

The Compost Council of Canada and Sun Peaks Mountain Resort Municipality's Utility Division, are offering a three-day hands-on training program to promote technical knowledge and sound operating techniques amongst compost facility operators and those involved with large-scale composting.

This popular three-day course has been designed to provide participants with a practical understanding of the composting process and the means to address operational issues involved in the running of a compost facility. Topics covered include:

Feedstock Recovery	Feedstock Preparation	Composting
Curing	Screening & Refining	Storage & Packaging
Nuisance Control	Marketing	

Course will include a tour of the Sun Peaks Composting Facility.

Registration is limited to maximize individual attention.

Who Should Attend?

- Compost Facility Operators & Managers
- Public officials involved with Solid Waste/Health Departments
- Those involved in Agricultural Operations and/or Research
- Technology Service Providers & Equipment Vendors
- Consultants working with Compost Facilities
- Government Regulators of Compost Facilities
