

## **COMPOST FACILITY OPERATING PRACTICES COURSE**

***Plus! Compost Facility Operator Certification Exam***

**April 29<sup>th</sup> and 30<sup>th</sup> 2008**

**Edmonton Waste Management Centre  
Site 100, 13111 Meridian Street  
Edmonton, Alberta**

The Composting Council of Canada, in cooperation with the Earth Tech Canada and the City of Edmonton, is offering a two-day hands-on training program to promote technical knowledge and sound operating techniques amongst compost facility operators and those involved with large-scale composting.

This two-day version of our popular three-day course has been designed to provide participants with a practical understanding of the composting process and the means to address operational issues involved in the running of a compost facility. Topics covered include:

Feedstock Recovery	Feedstock Preparation	Composting
Curing	Screening & Refining	Storage & Packaging
Nuisance Control	Marketing	

Registration is limited to maximize individual attention. Each participant will receive a copy of The Council's "Compost Facility Operating Guide" in CD format to serve as a reference during and after the course.

### **Who Should Attend?**

- Compost Facility Operators & Managers
- Public officials involved with Solid Waste/Health Departments
- Those involved in Agricultural Operations and/or Research
- Technology Service Providers & Equipment Vendors
- Consultants working with Composting Facilities
- Government Regulators of Composting Facilities
