

Canadian Fertilizer Products Forum Count Down to first Session October 22nd

The [14th annual Canadian Fertilizer Products Forum](#) begins with the first session next week on **Soil Health October 22nd**. See below for the link to register for this session and many more to follow. We look forward to having you join!

[14th annual Canadian Fertilizer Products Forum](#): Fertilizer Canada, in joint partnership with the Canadian Food Inspection Agency (CFIA) and the Fertilizers and Supplements Advisory Committee (FSAC) hosts this event each year to help ensure that fertilizers and supplements in Canada are globally competitive and that growers have access to new products in a timely manner.

As with most events this year, the format will be virtual with several sessions scheduled from October – November 2020 via Zoom platform. The sessions will be two hours each with industry experts presenting for approx. 20 mins each, followed by a Q&A after each session. [This year registration is free.](#)

All registrations are open:

- Soil Health **October 22 12:00-2:00pm EST** – [Register here](#)
