About the Course's Virtual Format:

The Council's well-recognized compost facility operator's course will be presented in ZOOM format in two-hour sessions every Tuesday & Friday during the weeks of November 23 – December 14, 2020. In addition to our principal trainer, Larry Conrad, the sessions will also feature additional experts in the organics recycling field to provide additional in-depth discussions and learning. Sessions will be recorded, allowing for registrants' continued access throughout the training period.
