

*The following lists many of the presentations covered in past conferences, workshops and webinars of The Compost Council of Canada.*

*Reflective of the enormity of the information, the active links below have been limited to more recent years.*

*Should you, as a member of our Council, want access to any of the other presentations listed, please let us know by either calling us @ **1-877-571-GROW(4769)** or sending an email to **info@compost.org**.*

*Thank you for your ongoing support.*

## **Presentations Subject Index**

### **Regulatory Updates and Standards**

#### **Federal**

- Federal Updates: Regulation of Composts and Digestates Under the Fertilizers Act (2020) (Conf 2020, Org Recycling Across Canada)
- Towards Zero Plastic Waste in Canada (2020)  
(Conf 2020, Adv of Impact to Cert Compostable )
- Government of Canada's Proposed Changes to the Fertilizers Regulations – The Impact on Compost (2019) (Atlantic Regional Workshop 2019)
- Mise-à-jour sur le règlementation du compost sous l'ACIA (2019)  
(QC Regional Workshop 2019)
- Élaboration de la norme BNQ 0413-500: Amendements organiques – Digestats de biométhanisation (2019) (QC Regional Workshop 2019)
- The Canadian Agricultural Partnership (2018) (Webinar March 7, 2018)
- The Compost Quality Alliance Peer Review Audit Process (2018)  
(AB Regional Workshop 2018)
- Regulation of Compost under the Fertilizers Act and Regulations (2017)  
(AB Regional workshop 2017)
- Organics Recycling : Updates from Environment and Climate Change Canada (2016)  
(Conf 2016, Don't Waste Your Food!)
- Règlementation du compost sous le regime de la loi sur les engrais et de son règlement (2016) (QC Regional Workshop 2016)
- Révision 2016 CAN/BNQ 0413-200, Amendements Organiques – Composts (2016)  
(QC Regional Workshop 2016)

Révision CAN/BNQ 0413-200 (2015) (Conf 2015, An Update on Industry Standards)  
Improving Canada's Record on Reducing and Recycling Waste (2015) (Conf 2015,  
An Update on Industry Standards)  
The Updated CAN/BNQ Standard for Compost Quality (2015) (Webinar Aug 5, 2015)  
What Gets Measured Gets Managed (2015) (Conf 2015, An Update on Industry Standards)  
Diversion of Organic Materials in Canada (2015) (Conf 2015, Organics Recycling Advances  
Across Canada)  
Compost, Digestate and the Fertilizers Act & Regulations (2014)  
The Canadian Organic Standard for Compost (2014)  
Regulation of Compost Under the Fertilizers Act & Regulations (2014)  
Regulation of Compost Under the Fertilizers Act & Regulations: Changes to Program  
Administration (2014)  
Modernization of the Fertilizers Regulations (2013)  
The Compost Quality Alliance, the Fertilizers Act & Regulations (2013)  
D'ou viennent les critères de qualité des composts du CCME et du BNQ (2012)  
Normes canadiennes en matière d'emballage compostable – Phase II (2010)  
CCME Biosolids Task Group: An Overview (2010)  
CCME Initiative: Biosolids Task Group (2009)  
Know Your Compost Labelling Requirements (2009)  
Regulation of Compost in the Canadian Marketplace (2009)  
The Whole Picture: An Overview of Differences in Regulations and Systems (2008)  
Révision de la norme BNQ sur les biosolides municipaux granulés (2008)  
Setting the Standard: Developing Standards and Guidelines for Compost Testing (2008)  
Compost Industry: Self-Regulation (2006)  
New CCME Compost Quality Guidelines (2005)  
Compost Environmental Protection Standards in Canada (2004)  
The Compost Quality Alliance Program (2004)  
Setting the Standard and Introducing the Seal of Testing Assurance (2003)  
Compost and the Fertilizers Act (2003)  
Composting's Potential Within the Federal Sustainable Agriculture Policy (2003)  
Stewardship of Organics (2003)  
Issues of Impact – Organics Stewardship: What? Who? How? When? Why? (2003)  
Mise à jour de la norme BNQ et processus de certification (2003)  
Setting the Standard (2002)

### **British Columbia**

Ministry Update: Organics Initiatives (2019) (BC Regional Workshop 2019)  
Zoning, Right-to-Farm, ALR and Composting Biosolids (2016)  
(BC Regional Workshop 2016)  
Compost Use and Production and the Environmental Farm Plan Program (2016)  
(BC Regional Workshop 2016)  
Organic Waste Recycling and Prevention (2015) (BC Regional Workshop 2015)  
Zoning Requirements for Municipal Compost Facilities (2013)  
Update on Organic Matter Recycling Regulation Legislation (2009)  
Research Projects Leading to BC's Organic Matter Recycling Regulation (2003)

## **Alberta**

Alberta Waste Policy Updates (2019) (AB Regional Workshop 2019)  
Alberta Environment Waste Policy Updates (2016) (AB Regional Workshop 2016)  
Alberta Environmental Farm Plan: The Next Big Thing in Agriculture –  
Sustainable Sourcing (2016) (AB Regional Workshop 2016)  
Waste Control Regulation Project (2015) (AB Regional Workshop 2015)  
How do our Greenspaces Grow? Municipal Compost Use Survey Results (2013)  
Compost Regulations and the Compost Operator Certification Program (2012)  
Update from Alberta Environment (2011)  
Leaf and Yard Waste Diversion Group Update (2010)

## **Saskatchewan**

Putting Organic Waste to Work in Saskatoon (2017) (AB Regional Workshop 2017)  
A Twenty-Plus-Year Perspective on Organics Recycling in Saskatchewan (2014)

## **Manitoba**

Manitoba Composts: The State of Organic Waste Diversion in Manitoba (2018)  
(MB Regional workshop 2018)  
Status of Organic Waste Diversion in Manitoba (2017) (MB Regional Workshop 2017)  
Manitoba Composts (2014)  
Composting in Manitoba (2014)  
Moving Forward with Composting Across Manitoba (2013)  
An Overview of Environmental Licensing Requirements for Compost Sites (2011)  
Organics Diversion and the Waste Reduction and Recycling Support Levy (2011)

## **Ontario**

Actions to Address Food and Organic Waste in Ontario (2020)  
(Conf 2020, Org Recycling Across Canada)  
An Update on the Organics Recycling Vision for Ontario (2020)  
(ON Regional Workshop 2020)  
Ontario Environment Plan Regulatory Update (2019) (ON Regional Workshop 2019)  
Addressing Food & Organic Waste in Ontario (2018)  
(Conf 2018, Local Matters in Organics Recycling)  
Raising Standards for Restoring Healthy Soil to Urban Landscapes (2018)  
(Webinar May 9, 2018)  
New Horizons: Ontario's Agricultural Soil Health & Conservation Strategy (2018)  
(Webinar Sept 5 2018)  
Proposed Food and Organic Waste Framework (2018) (ON Regional Workshop 2018)  
Challenges to a Land Use Planning Approach for Securing Long Term  
Organics Processing Capacity in Ontario (2016) (Conf 2016, Making Plans Happen)  
Compost and Digestate Under the Nutrient Management Act (2015)  
(ON Regional Workshop 2015)  
Ontario Anaerobic Digestion and Biomass Crops Update (2015)  
(ON Regional Workshop 2015)  
Ontario's New Compost Framework: Update on Implementation (2015)  
(ON Regional Workshop 2015)  
Ontario's New Compost Framework (2013)  
Ontario's New Compost Framework: What is it all about? (2013)  
On-Farm Anaerobic Digestion in Ontario: Progress and Challenges (2013)

Planning: Regulations and Environmental Compliance (2009)  
The Nutrient Management Act and On-Farm Composting (2003)

### **Québec**

Stratégie de valorisation de la matière organique 2020-2030 (2020)  
(Conf 2020, Org Recycling Across Canada)  
Advances in Organics Recycling in Québec (2018)  
(Conf 2018, Org Recycling Programs, Implementation to Reality)  
Options Available to Implement Provincial Organics Diversion Policy (2018)  
(Conf 2018, Big Picture – From Policy to Action)  
Portrait de la gestion des matières organiques au Québec – Bilan 2015 (2017)  
(QC Regional Workshop 2017)  
Dans la poursuite des actions (2016) (QC Regional workshop 2016)  
Overcoming Challenges to Meeting the Organic Waste Ban in Quebec by 2020 (2015)  
(Conf 2015, Opening Plenary)  
Banissement de la matière organique en 2020 au Québec – défis à relever (2015)  
(Conf 2015, Opening Plenary)  
Installations de traitement des matières organiques au Québec: lieux existants et projets en  
cours (2015) (Conf 2015, Organics Recycling Advances Across Canada)  
Québec's Organic Residuals Action Plan (2014)  
Expanding Organics Recycling Management in Québec (2012)  
Moving Organics Recycling Forward in Québec (2012)  
Encadrement des activités de compostage au Québec et projet de politique de Gestion des  
Matières Résiduelles (2010)  
Encadrement des activités de biométhanisation au Québec et programme d'aide financière  
(2010)  
Projet de politique québécoise de gestion des matière résiduelles (2010)  
Organics Recovery in Québec: Where to From Here? (2006)  
Critères microbiologiques au MENV: Méthodes d'analyse (2004)  
Le Compostage au Québec (2001)

### **Atlantic Canada**

NB Compost Sector Regulatory Update (2020) (Conf 2020, Org Recycling Across Canada)  
The Nova Scotia Environmental Farm Plan Program: How Compost and Composting Can  
Help Meet the Goals of the Program (2016) (Atlantic Regional Workshop 2016)  
Organics Recycling in Newfoundland & Labrador (2015) (Conf 2015, Organics Recycling  
Advances Across Canada)  
Journey and Destination of Organics Recycling in PEI (2015) (Conf 2015, Organics  
Recycling Advances Across Canada)  
Organics Recycling in New Brunswick (2015) (Atlantic Regional Workshop 2015)  
Organics Management in Nova Scotia: Bans, Clear Bags and Dedicated Financial Support  
(2014)  
Organics Waste Strategy for the Island of Newfoundland (2014)  
An Update on Composting in New Brunswick (2010)  
Composting in Nova Scotia: Moving Beyond the 50% (2001)

## **Northern Canada**

Setting the Stage for More Composting in the Northwest Territories (2020)

(Conf 2020, Org Recycling Across Canada)

Lessons-Learned from Composting Programs Across Northern Canada, Alaska and Greenland (2014)

## **International**

The State of Composting in the US (2020) (Conf 2020, Org Recycling 'Round the World)

Organics Recycling 'Round the World – UK (2020)

(Conf 2020, Org Recycling 'Round the World)

The Circular Economy Applied to Organic Waste in Italy (2020)

(Conf 2020, Org Recycling 'Round the World)

The BioWaste Management Across Europe (2020)

(Conf 2020, Org Recycling 'Round the World)

Organics Recycling 'Round the World – Ireland (2020)

(Conf 2020, Org Recycling 'Round the World)

Organics Recycling 'Round the World – Australia (2020)

(Conf 2020, Org Recycling 'Round the World)

California Overview (2020) (Conf 2020, Adv of Impact to Cert Compostable )

Global Overview for the Transition towards Compostables (2020)

(Conf 2020, Adv of Impact to Cert Compostable )

Compostable Products and Packaging: Washington State Legislative Action (2020)

(Conf 2020, Adv of Impact to Cert Compostable )

Positioning of Compostable Polymers: Special Outlook from Europe (2020)

(Conf 2020, Adv of Impact to Cert Compostable )

The North American Initiative on Organics Waste Diversion and Processing (2018)

(Conf 2018 – Big Picture, From Policy to Action)

Food Waste Regulations (2010)

Composting in the United Kingdom and Europe (2003)

Organics Recycling: A Global Perspective (2002)

Development of a National Composting Strategy for Ireland (2002)

Biodegradable Bags for Organic Waste Collection: State of the Art Certification Standards for Europe (2002)

## **Program Initiatives**

### **Municipal and Regional Programs**

Organics Separation: Grow a Greener Tomorrow (2020)

(Conf 2020, Org Recycling Across Canada)

Bow Valley Waste Management Commission's Class II Compost Facility Integrated into a Class III Landfill and Resource Recovery Centre (2020)

(Conf 2020, Virtual Visits)

Composting at 4000 Feet (2020) (Webinar May 27)

Southeast Eco360 Sorts Things Out (2020) (Atlantic Regional Workshop 2020)

Toronto's Organics Facilities: A Five-Year Review (2019)

(Conf 2019, Updates in Large-Scale Programs)  
Organics Collection from High-Rise Buildings: Project Update (2019)  
(Conf 2019, Updates in Large-Scale Programs)  
City of Red Deer Gardening Initiatives (2019) (AB Regional Workshop 2019)  
City of Edmonton Program Update (2019) (AB Regional Workshop 2019)  
City of St. Albert: Reducing Organics Contamination Through the Curbside Waste  
Education Program (2019) (AB Regional Workshop 2019)  
Red Deer Cart Program Update (2019) (AB Regional Workshop 2019)  
Organic Waste : The Trials and Tribulations of Turning Toxic Trash into Treasure (2019)  
(BC Regional Workshop 2019)  
Town of Ladysmith Update (2019) (BC Regional Workshop 2019)  
Soil Fabrication: Summit Landfill Pilot Project (2019) (MB Regional Workshop 2019)  
Collecte de matières organiques à Montréal : mise à jour (2019)  
(QC Regional Workshop 2019)  
Putting Organic Waste to Work in Saskatoon (2019) (SK Regional Workshop 2019)  
A Series of Case Studies of Organics Recycling Implementation:  
Opportunities and Barriers (2018) (Local Matters in Organics Recycling)  
Composting in Cowtown: Implementing Calgary's Composting Program (2017)  
(Conf 2017, Opening Plenary)  
Building the Infrastructure for Organics Recycling in Calgary (2017)  
(Conf 2017, Building the Infrastructure)  
Calgary Compost Market Research and Expanding End-Use Trends (2017) (Conf 2017,  
Markets for Compost, Digestate and Energy Products)  
Putting Organic Waste to Work in Saskatoon (2017) (AB Regional Workshop 2017)  
Updates from the Regional District of Fraser-Fort George (2017)  
(BC Regional Workshop 2017)  
County of Simcoe: Developing our Environmental Resource Recovery Centre (2017)  
(ON Regional Workshop 2017)  
Southeast Eco360: 3 Stream Transition & Early Results (2017)  
(Atlantic Regional Workshop 2017)  
Use of Compost as a Landfill Cover to Mitigate GHG Emissions at Brady Road Regional  
Landfill (2017) (MB Regional Workshop 2017)  
The Surrey Biofuel Facility (2016) (Conf 2016, Making Plans Happen)  
Maximizing the Value of Organics Recycling: The Edmonton Experience (2015)  
(Conf 2015, It's All About Information and Experience)  
Metro Vancouver Organics Disposal Ban: Food Isn't Garbage (2015)  
(BC Regional Workshop 2015)  
Organics Recycling in Toronto: An Update on the Disco Road Organics Facility (2015)  
(ON Regional Workshop 2015)  
What Happens to What You're Leaving Behind in Halifax: The Halifax Biosolids  
Management Program (2014)  
Update on Colchester Composting System (2014)  
Metro Vancouver's Upcoming Organics Disposal Ban (2014)  
Waste Reduction Program Progress in Guelph (2014)  
City of Toronto's Path to Source-Separated Organics Management and the Road Ahead  
(2013)  
City of Calgary's Green-Cart Pilot Program (2013)  
City of Calgary City-Wide Residential Organics Program Update (2013)  
New City of Victoria Collection Program (2013)

New Capital Regional District Organics Strategy (2013)  
Mission's Food Waste Composting Program (2013)  
75% and Beyond: Towards Zero Waste in the RDN (2012)  
Compostage des matières organiques d'une collecte à trois voies chez Gazon Savard Saguenay et innovation sur les équipements et infrastructures (2012)  
Region of Durham's Long-Term Impact on Improving Organic Residuals Input Quality (2012)  
De grands progrès pour la Ville de Gatineau ! (2012)  
Tackling Multi-Residential Waste Diversion: Beyond the Blue Box (2011)  
Looking Back on 10 Years of a Municipal Organics Program (2011)  
Building an Organic Waste Processing Facility: Meeting Guelph's Longterm Plan for Managing Organic Waste (2011)  
Brandon Compost Pilot Project (2011)  
Biosolids Composting Case Study (2010)  
A Residential Food-Waste Collection Pilot Project in a Rural Community (2009)  
Implementation of Region of Halton's Green Cart Program: Lessons Learned (2009)  
Update from Valley Waste Resource Management (2009)  
Ogogrow: The Brand and the Composting Process (2009)  
Organics Management in Metro Vancouver (2009)  
Skyrocket Biosolids Compost! (2009)  
Overview of Operations and Commissioning of Kelowna's Composting Site (2008)  
Food Waste Demo Trials in Metro Vancouver (2008)  
Early Experiences with Cape Breton's Composting Facility (2008)  
La Collecte des résidus alimentaires à la Ville de Québec: une expérience pilote dans le secteur résidentiel (2008)  
The Lunenburg Regional Composting Facility: 13 Years of SSO Processing in Nova Scotia (2008)  
Curbside Organics Collection and Large-Scale Composting in Hamilton (2008)  
A Year in Perspective: Assessing Hamilton's Advancement in Source-Separated Composting (2007)  
Organic Waste Collection Pilot Project in St. John's (2007)  
How to Roll With the Punches: Implementing an Organics Recycling Cart Distribution Strategy (2007)  
Hamilton: On the Road to a New Green City (2006)  
Durham Region's New Green Bin Program (2006)  
The Rush for Black Gold in the Land of the Midnight Sun (2005)  
Toronto Organics Diversion Update (2005)  
Projet-Pilote de collecte des résidus alimentaires résidentiels ajoutés à la collecte des résidus verts (2004)  
Producing Compost from Toronto's Source-Separated Organics Program (2004)  
La collecte des matières putrescibles à la RIADM: De l'implantation à aujourd'hui (2004)  
Programme de gestion des matières putrescibles résidentiels (de Saint-Donat) (2004)  
Sault Sainte Marie's Co-Composting Program (2003)  
Composting: The Lunenburg Experience (2002)  
Mixed-Waste Organics: The Toronto Experience (2001)  
Dufferin Composts! Organic Waste Pilot Project (2001)  
Projet-Pilote de Collecte et de compostage de matières putrescibles avec utilisation des sacs biodégradables (2001)

## **Broader Trends**

Collecting Food Scraps: Case Studies and Lessons Learned (2020)  
(BC Regional Workshop 2020)

Ministry Update: Organics Initiatives (2019) (BC Regional Workshop 2019)

Optimiser l'efficacité de l'économie circulaire : Défis et solutions (2019)  
(QC Regional Workshop 2019)

Advances in Organics Recycling in Québec (2018)  
(Conf 2018, Org Recycling Programs, Implementation to Reality)

Towards Zero Landfilling of Biosolids in Canada: Current Situation and Perspectives  
(2018) (Conf 2018, Big Picture – From Policy to Action)

Managing Used Single-Use Coffee Pods – Keurig (2018)  
(Conf 2018, New Influencers in Industry)

Managing Used Single-Use Coffee Pods – Club Coffee (2018)  
(Conf 2018, New Influencers in Industry)

Raising Standards for Restoring Healthy Soil to Urban Landscapes (2018)  
(Webinar May 9, 2018)

Emerging Issues of Import to Organics Recycling (2018) (AB Regional Workshop 2018)

La collecte à trois voies et le compostage au Québec: on progresse, on évolue, on réussit !  
(2017) (QC Regional Workshop 2017)

Projet de plan métropolitain de gestion des matières résiduelles 2015-2020 (2016)  
(QC Regional workshop 2016)

City of Calgary City-Wide Residential Organics Program Update (2016)  
(Webinar March 16, 2016)

The CVRD Odour Surveys – Working Towards Understanding Community Odour Issues  
(2015) (BC Regional Workshop 2015)

City of Edmonton High-Solids Anaerobic Digestion Project (2015)  
(AB Regional Workshop 2015)

Organics Waste Strategy for the Island of Newfoundland (2014)

Québec's Organic Residuals Action Plan (2014)

Composting in Manitoba (2014)

Composting and Gardening Programs in Manitoba's North (2014)

Lessons-Learned from Composting Programs Across Northern Canada, Alaska and  
Greenland (2014)

Updates from the Manitoba Composting Association Corporation (2014)

Organics Management in Québec: From Scratch to Banning! (2014)

### **Other Products**

Marketing Digestate to Return Organics to the Soil (2019) (ON Regional Workshop 2019)  
Soil Biodegradable Mulch Film – A Key Contributor to Sustainable Agriculture (2018) (Regional Workshops 2018)  
Paillis biodegradable au sol: un contributeur clé pour une agriculture durable (2018) (QC Regional Workshop 2018)  
The Science of Compostable Polymers (2016) (Regional Workshops 2016 – a few)

L'épandage des composts et des digestats urbains (2015) (Conf 2015, It's All About Information and Experience)  
Value Enhancement of Municipal Organics Through the Addition of Effective Microorganisms (2015) (Atlantic Regional Workshop 2015)  
Nutri-Pel: The Growing Demand for Affordable Fertilizer (2015)  
(ON Regional Workshop 2015)

## Research

### Compost Process Research

Organic Waste Diversion and Nutrient Recycling: Data Gaps and Lessons (2017) (BC Regional Workshop 2017)  
The Fate of Antimicrobial Residues During Composting and Stockpiling of Manure (2015)  
(AB Regional Workshop 2015)  
Developing a Framework to Verify Temperature Contact-Time in Composting Environments (2014)  
Optimizing the Efficacy of Vermicompost (2013)  
Assessing the Temperature Contact Time Criteria and Turning Effect in Compost Sanitation (2012)  
Plant Pathogen Inactivation in a Composting Environment (2010)  
Random Particle Movement and Robustness Analysis of a Tool Designed to Study Time-Temperature Relationship in Compost (2010)  
Quantifying Metal Contaminant Corrosion Rates in a Composting Environment (2009)  
Thermal Variability in Windrowed Composts: Impact on Microorganism Variability and Implications for Monitoring (2009)  
L'optimisation du système de compostage de la ferme-école LAPOKITA, pour réduire les GES (2008)  
Trace Metal Mass Transfer During Thermophilic Composting (2008)  
Stormwater Runoff Modelling at Windrow Composting Facilities (2007)  
Development of Time Temperature Probes for Monitoring Pathogen Inactivation Conditions During Composting (2007)  
Projet de Co-Compostage des Résidus Verts et Domestiques par les Producteurs Agricoles (2007)  
Air Permeability and Pressure Drop Through Porous Materials: A Literature Review (2005)  
Projet de Recherche Appliquée sur le compostage mixte de résidus municipaux et agricoles 2001-2003 (2004)  
The Effect of aeration and molasses on Escherichia coli in Compost Teas (2004)  
Comparison of Free Air Space Test Methods (2004)  
Does Size Matter?: The Effect of Woodchip Particle Size on the Composting Process (2003)  
Dynamic Respiration Rate Measurements and Thermodynamic Modelling as Tools for Increasing Compost Production Rates (2003)  
Production of More Efficient Earthworms for Speeding Up the Waste Treatment Process (2003)  
Screening and Enhancement of Microorganism Species and Complexes in Composting of Municipal Solid Wastes (2002)  
Study on the Dynamic Simulation of the Composting Process for Domestic Solid Wastes (2002)

Assessing Mushroom Compost Odours: Do the Odours Vary with Process, Time, People and Sample Storage? (2002)  
Classification of Odours from Composted and Uncomposted Residuals and Manure (2002)  
Odour Comparison Between Bunker and Windrow Composts on Commercial Mushroom Farms (2002)  
Stormwater Management at Open Windrow Composting Sites (2002)

### **New Technologies**

Developing an Integrated Vertical Farming System with Commercial-Scale Composting Systems Extraction of CO<sub>2</sub> and Heat (2019) (Atlantic Regional Workshop 2019)  
Testing for Compost Maturity in Ontario (2017) (Conf 2017, Research Matters)  
Cleaning Compost Leachate Using Membrane Bioreactor Technology (2014)  
Compost Heat Exchange Systems for Effective Use of Heat from the Composting Process (2014)  
Refining CO<sub>2</sub> from the Compost Process for Methanol Production (2012)

### **New Compost Products or Bioproducts**

Analysis of Digestates from Ontario AD Facilities (2019)  
(Conf 2019, AD Program Developments to-date)  
Cost-Analysis and LifeCycle Environmental Impacts of Three Value-Added Novel Bioproducts (2014)  
Production of Sustainable Greenhouse Growing Media Through Peat Replacement (2011)  
Brewing Aerated Compost Tea: Factors of Impact on Compost Tea Quality and Microbial Composition (2009)  
Utilization of Seafood Processing Waste as a Nutrient Source (2002)

### **Disease Control**

Avian Influenza Outbreak, Western Cape 2017 (2018)  
(Conf 2018, Pushing the Envelope with Research)  
Biodegradation of endospores during Composting (2015) (AB Regional Workshop 2015)  
Can Composting or Stockpiling be Used to Reduce the Flow of Anti-Microbial Resistance Genes in the Environment (2015) (AB Regional Workshop 2015)  
Using Principles of Composting for Avian Flu Response in British Columbia 2014 (2015)  
(BC Regional Workshop 2015)  
Inactivation of Aleutian Mink Disease Virus in mink manure compost (2014)  
Inactivation of Aleutian Mink Disease Virus in a Field-Based Composting System (2014)  
Prion Inactivation Through the Composting Process (2014)  
Using Composting for Animal Disease Control (2012)  
The Use of Composting for Animal Disease Control (2012)  
The Fate of Elm Diseases in a Municipal Composting Environment (2009)  
Potential of Using Composting Environments for Inactivation of Prions (2008)  
Development of Time Temperature Probes for Monitoring Pathogen Inactivation Conditions During Composting (2007)  
Incidence and Survival of Enteric MicroOrganisms in Manure and Compost from Straw-Based Swine Rearing Systems (2006)  
Extent of Pathogen Inactivation During Composting: A Review (2005)

## **Crop Disease Prevention**

- Can Apple Replant Disease be Controlled Through Use of Compost? (2020)  
(Atlantic Regional Workshop 2020)
- Composts to Control Plant Diseases: Techniques to link compost characteristics to manage soil-borne plant pathogens (2015) (Conf 2015, The Science Matters)

Putting a Dent in Food Waste: The Misfits (2017) (AB Regional Workshop 2017)  
Characterization and Management of Food Waste in North America (2017)  
(BC Regional Workshop 2017)  
Le secteur émergent de l'ento(mo)technologie dans le traitement des résidus organiques urbains et ruraux et liens avec le bannissement de l'enfouissement des résidus organiques prévu pour 2020 au Québec. (2017)  
(QC Regional Workshop 2017)  
From Here to Sustainability: How Compost is the Answer (2016)  
(Conf 2016, Opening Plenary- For the Love of the Earth, Compost)  
Sustaining Food Production and Reducing Food Waste (2016)  
(Conf 2016, Don't Waste Your Food!)  
Representing Compost Products Ethically and Fairly: Ethical Considerations (2016)  
(Conf 2016, Closing Plenary – Compost Quality and Evaluation)  
Developing a Sense of Humus During 2015: The International Year of Soils (2015)  
(Webinar March 4, 2015)  
The War on Food Waste (2015) (Conf 2015, Opening Plenary – It's All About Being Resourceful)  
What Business Are We In?: Rethinking the Composting Industry (2015)  
(Conf 2015, Closing Plenary)  
The War on Waste (2015) (Conf 2015, Opening Plenary)  
Earthworms, Compost and Getting to the Root of the Issue (2014)  
Soil-Carbon Sequestration in Ontario (2012)  
Understanding Soils: Soils 101 (2012)  
Defining a New Path for Managing Organics (2012)

BC's Biomass Trader: A Website Classified Ad System (2011)  
Compost's Value Through the Lens of an Eco-Efficiency Analysis: A Life-Cycle Evaluation (2011)  
Compost on Lawns: The Natural Way to Have a Beautiful Lawn Without Chemicals (2010)  
Organic Magic with Worms (2010)  
Using Compostable Bags for SSO Collection (2010)  
Composting Program Implementation and Bioplastics (2010)  
Statistics Canada's Latest Findings and Future Directions (2007)  
Recognizing Principles of Soil Ecology and Their Implication for Compost (2007)  
The Ergonomics of Organics: Handling the Back Factor (2006)  
Life-Cycle Analysis of Different Organic Handling Methods: Comparing Bags and Can Liners (2006)  
The Role of Composting and Organics Management in a Sustainable Economy (2006)  
Gas from Garbage: Research and Experimentation on the Factors Affecting the Decomposition of Household Waste (2006)  
A Novel Method to Accelerate the Decomposition Rate of Organic Waste (2006)  
Organics Collection Options: Minimizing SSO Collection Costs Through Co-Collection (2005)  
History, Experience and Application of Compostable Plastics (2005)  
Compost Addition Improves the Quality and Productivity of a Degraded Clay-Loam Soil (2005)  
Advances in Oxo-Biodegradable Plastics and the New ASTM Standard Guide 6954-04 (2004)  
Stewardship of Organic Wastes (2003)  
Latest Developments in BioDegradable Plastics (2003)  
Alternative Disposal of Organic Residuals and a Means of Fulfilling Needs (2002)  
Experimental Protocol for a Research & Development Project on Kruger's De-Inking Mulch (2002)
