

THE 36th Annual Organics Recycling Conference

September 22-24, 2026 • Calgary Alberta

On the occasion of the 36th Anniversary of our National Organics Recycling Conference, you are invited to contribute to our industry's learning and success.

CALL FOR PAPERS - TELL YOUR STORY

The Compost Council of Canada is inviting proposals for presentations and workshops addressing advances in organics recycling and end-use markets.

Present your latest updates and initiatives to share learning & inspiration.

Topics can include with additional proposals also welcome:

- **Regulatory & Policy Directions**
- **Organics Recycling Infrastructure Developments**
- **Community Composting**
- **Research Discoveries**
- **Processing Advances, Collection Methods, Technology**
- **Compost, Digestate and Biochar Markets**
- **Compostable Claims and Products**
- **Putting Organics Recycling to Work**

Please submit a **short description of your intended topic** and **short biography** to Danielle at info@compost.org.

Please Note: There is no cost to attend on your presentation day. Should you wish to attend the full conference including tour day, a special discounted registration rate of \$350 (plus GST) will apply.

Deadline: Friday May 1, 2026

Thank you for contributing to the advancement of organics recycling and soil health across Canada and globally.
