

The 33rd Annual National Organics Recycling Conference

Towards **VICTORY in ORGANICS RECYCLING !**

For Healthier Soil, Healthier Food & Climate Protection

Wednesday September 27 – Friday September 29, 2023

Montreal, Quebec

Presentations ! Tours ! Exhibits ! Networking !

Participation Options = In-person as well as Virtual

In-Person Tour Day = Wednesday September 27

Join the leaders in organics recycling as we rally around the latest victories and advances which are adding to our industry's resourceful leadership in waste diversion, local environmental stewardship and manufacturing, soil productivity and nutritional health, water conservation, climate change mitigation and resiliency.

Sessions will include:

- Regulatory & Policy Directions (both across Canada and globally)
- Composting & Anaerobic Digestion Infrastructure Developments for At-Home, On-Site, Centralized Systems & Programs
- Research Discoveries and Technology Advances
- Compost & Digestate Markets
- Compostable Claims and Products
- Putting Organics Recycling to Work to Fight Climate Change & Improve Soil Health
