## Who Should Attend?

- Compost Facility Operators & Managers
- Public officials involved with Solid Waste/Health Departments
- Those involved in Agricultural Operations and/or Research
- Technology Service Providers & Equipment Vendors
- Consultants working with Compost Facilities
- Government Regulators of Compost Facilities

## About the Course's Virtual Format:

The Council's well-recognized compost facility operator's course will be presented in ZOOM format in five 3.5-hour sessions each day (Monday to Friday) during the week of March 17-21, 2025. In addition to our principal trainer, Larry Conrad, the sessions will also feature additional experts in the organics recycling field to provide additional in-depth discussions and learning. Sessions will be recorded, allowing for registrants' continued access throughout the training period.
